## PROJECTS

### E-Commerce

Academic | 2023

- As a frontend developer for an e-commerce project, I played a key role in creating a user-centric and visually appealing online shopping platform. Leveraging my skills in HTML, CSS, and JavaScript
- User-Friendly Interface: Developed and optimized the frontend to ensure an intuitive and seamless user experience
- Dynamic Product Page: Constructed dynamic product pages using JavaScript to provide users with detailed information, images, and an interactive interface for an enhanced shopping experience.
- Ensured cross-browser compatibility, testing and optimizing the website to provide a consistent experience for users across different web browsers.

## ACTIVITIES & ACHIEVEMENTS

- Acknowledged for exceptional contributions and unwavering dedication to the National Service Scheme (NSS) throughout my academic journey, earning recognition as a standout member. Additionally, honored as the Student of the Year, underscoring my commitment to academic excellence, leadership, and active involvement in community service within the NSS. Demonstrated a profound sense of social responsibility and played a key role in impactful initiatives.
